

Afternoon Enrichment Program Fact Sheet

Beginning September 2012

3 – 5 year olds

1. Jill Pfankuch will be the teacher for the enrichment class. She is a godly woman who has several years of experience teaching in a Christian school.
2. The program will run from the end of the preschool / kindergarten classes (11:15 AM) to the end of the grade school day (2:50 PM). Parents will collect their children and sign them out each day.
3. The cost of the program will be \$10.00/ day for students enrolled in our school and \$12.50/ day for students just attending the enrichment class. At this time, we will not accept drop-in students. The parents may sign up for programs that are one day, two day, three day, four day, or five days a week. They will register for the enrichment program separately from the preschool/kindergarten classes. Mrs. Pfankuch will keep track of attendance and Juli Tschiegg will bill the parents at the end of each month.
4. The program will include lunchtime, recess, rest time, library, music, Spanish, computers, art, snack, and science. It will supplement and enrich the programs the students are receiving in the mornings at FCS.
5. Parents will be given a supply list at the beginning of the school year. This will be separate from the preschool/kindergarten list.
6. Progress Reports will be sent home at each grading period just like the rest of the school, so the parents can be informed of behavior and learning.
7. The Enrichment class will follow all the guidelines for the other classes at Faith Christian School, including those in the Parent/Student handbook. This class will have the same days off and use the same calendar as the rest of the school.

** Please call the school office to register your child before school begins so we can plan for the correct number of students.
