

Faith Christian School
February Newsletter
First & Second Grades

Dear Parents,

It is amazing to think we are half-way through our school year! The time goes by too quickly, it seems. January was an interesting month, especially considering the weather we had. From snow to flooding and everything in between, we certainly hope we have seen the worst of it! I do look forward to February, however. This is one of my favorite months of the year! If you are new to FCS, you will find Mission's Week to be a very exciting time for us. Each year we choose a different mission to support and each class finds some way to raise funds to give to that mission. Traditionally, the first- & second-graders sponsor the all-school talent show. This is such a fun way to show-off our God-given talents! At the talent show we set-up a concession stand and charge a small admission for the audience. If you would like to contribute goodies to be sold for this event, please let Mrs. Loflin or me know what you have in mind. We could also use a parent or two to help run the stand and be at the doors to collect money. You would be helping the children keep it all straight. There will be other activities throughout the week to participate in. Please note that all the activities are open to all families to come to and participate in. It will be so much fun and all the money will go to help a medical team travel to Peru to fit braces and prosthetics on children in need!

Please also note on the calendar that we have two planned days off this month. In class we will continue on in all areas of study. We finished a chapter in our science books, so now we will continue reading through our Heritage Studies book. I'd also like to begin Spanish this quarter. If you or someone you know would be able or interested in teaching Spanish, I would love to have their help! I admit, I am not very fluent in it, but we get by with some basics! This would be one hour a week in the afternoon that we will be doing this. I can be flexible if needed! In our Bible curriculum the students will be reading and learning about God's call for Moses and how Moses responds. Hopefully they will recognize God's call for them in their own lives and will learn how to respond to Him. What a blessing it is for us to teach Bible every day! Continue praying for our class and our school. God keeps blessing us, and for that we are thankful!

In Christ's service, Mrs. Ivey and Mrs. Loflin
