FEBRUARY NEWSLETTER FAITH CHRISTIAN SCHOOL JUNIOR HIGH

Dear Parents,

Welcome to the month that will be focused on missions! If you have been around Faith Christian School for any length of time, you know that in February we have our annual Missions Week, where we raise money for two mission's organizations. This year, the money we raise will be going to support our on-going partnership with Mercy Childcare in Uganda. We will also be giving an offering to The Love of Christ Ministries in South Africa. Both are great ministries that serve the orphans and needy families in their communities. We want our students to know that whether they are called to be missionaries in foreign lands or here at home, God calls all of us to share the news of salvation, "And He said to them, 'Go into all the world and preach the gospel to all creation.'"

For our fundraiser this year we will be serving lunch on Tuesday, Feb. 7. In the past we have asked the families in our class to donate the necessary items for lunch, so that we can give our whole profit to the mission's offering. Attached is a list of items that we will need. Please let me know what you are willing to send. The biggest thing we will need are 2-3 large pork roasts. If this is something you are willing to give, please let me know. Thank you!

The first event in the Missions Week line up is our Missions Kick-Off and Talent Show. This will be held Friday, February 3 at 6:00 in the evening. Rather than do our annual talent show during the school day we thought it would be fun to make it a family night and hopefully make it easier for parents and families to attend. Please plan on being there and showing your support in helping kick off one of our favorite weeks of the school year!

As a special treat, Pastor Phillip from Light the World Church in Uganda, a friend of Pastor Wilfred's, will be here visiting. He will be speaking in chapel on Friday, February 3. Anyone is welcome to attend.

In other business, we have been asked to participate in a national test. The 8th graders will be participating. It is simply a measuring tool to see where Oregon falls nationally in regards to Math, Reading, and Writing. The results are not associated with any names and the school doesn't receive the results. It is strictly a random testing of the 8th grade students across the nation. If you have any questions regarding this test please feel free to contact Michele or me.

Thank you for being such generous families and for having such wonderful children. We are having a great year so far and I can't believe the year is already half over! Be looking in the coming months for information on a couple of overnight field trips that are in the works including our trip to Seattle.
